# Affordable Roll Off Dumpster services

## What is drumpster

A dumpster is a large, movable waste container designed to store and transport garbage or debris. Typically made of metal or heavy-duty plastic, dumpsters are commonly used in residential, commercial, and industrial settings. They are emptied by specially equipped garbage trucks that lift and tip the contents into the truck's hopper.

**Types of Dumpsters**

**1.Roll-Off Dumpsters**: Large, open-top containers delivered by trucks. Ideal for construction debris, home renovations, and large cleanouts.

**2.Front-Load Dumpsters**: Smaller dumpsters with lids, serviced regularly. Commonly used by businesses for ongoing waste management.

**3.Rear-Load Dumpsters**: Similar to front-load but designed for areas with limited space, such as alleyways.

**4.Compactor Dumpsters**: Equipped with a compactor to compress waste, increasing capacity. Suitable for businesses generating large volumes of waste.

**5.Recycling Dumpsters**: Designated for recyclable materials like paper, cardboard, and plastics.

## Common Dumpster Sizes

| Size (Cubic Yards) | Approximate Capacity | Ideal For |
|---|---|---|
| 10 | ~50–70 trash bags | Small cleanouts, minor renovations |
| 20 | ~110–130 trash bags | Medium renovations, roofing |
| 30 | ~170–190 trash bags | Large home remodels, construction |
| 40 | ~230–250 trash bags | Major construction, commercial use |

# Frequently Asked Questions

**Q1: How long can I keep a rented dumpster?**
**A:** Rental periods typically range from 7 to 10 days. Extensions may be available for an additional fee.
**Q2: What items are prohibited in dumpsters?**
**A:** Commonly prohibited items include hazardous materials, tires, batteries, and certain electronics. Always check with your provider for specific restrictions.
**Q3: Do I need a permit to place a dumpster on the street?**
**A:** Yes, if placing the dumpster on public property, a permit is usually required. Contact your local municipality for details.
**Q4: Will the dumpster damage my driveway?**
**A:** Dumpsters can be heavy and may cause damage. It's advisable to place plywood or boards underneath to protect the surface.
**Q5: How do I choose the right dumpster size?**
**A:**Consider the scope of your project and the type of debris. When in doubt, consult with the rental company for recommendations.
